

## CHRISTO-LUBE® B4039

Formerly called AbsoLube B4039

CHRISTO-LUBE® B4039 is high technology perfluoropolyether fluid that possesses excellent thermal stability and resistance to chemicals and oxygen-rich environment. It's very low pour point and excellent oxidative stability allow it to function in a very broad temperature range. Since it is non-reactive with metal, plastic, rubber, and other elastomers, it is useful in a wide variety of applications. PFPE fluids have extremely low surface tension that allows them to work in situations where other lubricants fail due to lubricant starvation.

CHARACTERISTICS		TYPICAL VALUE *
<b>Type</b>		PFPE
<b>Color</b>		Colorless
<b>Temperature Service Range (°C)</b>		-40 to 200
<b>Flash Point (°C) (ASTM D-92)</b>		None
<b>Four Ball Wear (ASTM D2266 / DIN 51350-T5)</b>	60min 1200rpm 40kg <sub>f</sub> 75°C	0.7mm
