

## ViscoTech 2118-2

ViscoTech 2118-2 is a medium consistency grease made with a light mineral oil and a Bentone clay thickening system. It also contains PTFE for good low friction behavior. A good all-purpose grease with decent water resistance and low bleed characteristics.

GREASE CHARACTERISTICS		TYPICAL VALUE *
<b>Temperature Service Range (°C)</b>		-30 to 100C
<b>Thickener</b>		Bentone
<b>Color</b>		Brown
<b>Appearance</b>		Smooth
<b>NLGI Grade</b>		2
<b>Penetration (ASTM D217 / DIN 51804-T1)</b>	Unworked	265-295
	Worked	60X 265-295
<b>Dropping Point (°C) (ASTM D2265 / DIN ISO 2176)</b>		260 min.
<b>Oil Separation (ASTM D6184)</b>	24h at 100°C	3% max.
<b>Evaporation (CTM-1)</b>	24h at 100°C	3% max.
<b>Water Washout (ASTM D1264 / DIN 51807-T2)</b>	60 min at 38 °C	7% max.
