

Material Safety Data Sheet

Innovation and Experience at Work

EvoLube 5420C

1.	Substance, Preparation, and Company Description		
	Material Uses	Lubricant, Grease, Industrial applications	
	Manufacturer	Engineered Custom Lubricants (ECL) 3851 Exchange Ave. Aurora, IL 60504 630-449-5000	
	Product Code	EvoLube 5420C	
	Validation Date	July 31, 2014	
	In case of emergency contact	1-630-449-5000	
2.	Hazards Identification		
	Er	nergency Overview	
	Physical State	Semi-solid, grease	
	Color	Black	
	Odor	Mild petroleum odor	
	Hazard Statements	NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED.	
	OSHA/HCS Status	While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this MSDS contains valuable information critical to the safe handling and proper use of the product. This MSDS should be retained and available for employees and other users of the product.	
	Routes of Entry	Dermal contact. Eye contact. Ingestion	
	-	tial acute health effects	
	Inhalation	No known significant effects or critical hazards.	
	Ingestion	No known significant effects or critical hazards.	
	Skin	No known significant effects or critical hazards.	
	Eyes	No known significant effects or critical hazards.	
	Potential chronic health effects		
	Chronic effects	No known significant effects or critical hazards.	
	Carcinogenicity	No known significant effects or critical hazards.	
	Mutagenicity	No known significant effects or critical hazards.	
	Teratogenicity	No known significant effects or critical hazards.	
	Fertility effects	No known significant effects or critical hazards.	
	Developmental effects	No known significant effects or critical hazards.

13.	Disposal Considerations		
	Waste Disposal	The generation of waste should be avoided or minimized wherever possible. Significant quantities of waste product residues should refluent treatment plant. Dispose of surplus and non-recyclate products via a licensed waste disposal contractor. Disposal of the product, solutions, and any by-products should at all times composed with the requirement of environmental protection and waste disposal legislation and any regional or local authority requirement. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material a it's container must be disposed of in a safe way. Empty contained or liners may contain some product residues. Avoid dispersal spilled material and run-off and contact with soil, waterways, drain and sewers.	
	Disposal should be in accordance with applicable regional, national, and local laws and regulations Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE LIMITS AND PERSONAL		
	PROTECTIVE EQUIPMENT for addit	ional handling information and protection of employees.
